

## CONGRATULATIONS!

As part of the BLACKBEAR Beta program, you have been granted the right to get **direct access to John and Matt Rhodes (“The Rhodes Brothers”)** to help you use BLACKBEAR to grow your business, or to help develop your business completely from scratch.

The content you will generate in BLACKBEAR will be absolutely life-changing for you when applied and monetized properly. There are **nearly infinite ways** you can use BLACKBEAR, which is why we’re here to help you.

With that in mind, anytime you have questions, please don’t hesitate to reach out to our help desk and let our team know you are a BLACKBEAR AI Member, so your question will be directed straight to us:

<https://1099support.com>

The **best way** to use your direct access is to ask specific questions on a plan you already have, or get specific feedback on a piece of content you’ve generated to maximize it’s usefulness and effectiveness.

We strongly recommend that you focus on our strengths and that you come to the table with some ideas already in mind, such as what niche you want to target (if you don’t already have a target niche, we always recommend the niches where people are already spending a lot of money, such as health/wellness, self-development, and money) and what sort of products or services that you want to offer.

**We specialize in helping students like you create new products, devise new funnels, structure your business and get traffic using BLACKBEAR.**

No matter how beginner or how advanced you are, we’re here to help.

(Don’t worry. Reach out to us to get help - this *isn’t* an upsell. This coaching and advice is included **FREE** for you as a **THANK YOU for being a BLACKBEAR Beta Member.**)

**We succeed when you succeed.**
