Most importantly, we want you to be inspired to find creative ways to use the tools inside BLACKBEAR yourself to create the high-quality content you need for your business.

As always, if you come up with a unique way to use BLACKBEAR for your business, or if you can think of a tool that would be useful to you, be sure to use our [Beta feedback form](#)!

Be sure to combine these tools with the other money-making strategies that you will discover as a BLACKBEAR customer.

Here are just a few ways that we are using BLACKBEAR...

### **WINNING CONTENT RECIPE: *Fast Article Creation***

Articles are the backbone of nearly successful online business, because you can use them to attract traffic to your website. It's highly useful for search engine optimization and also add authority to your website quickly.

**To create these Fast Articles, you:**

- 1.) First, create an outline on the topic using the BLACKBEAR Article Outline Builder.
- 2.) You take each article outline topic provided by the BLACKBEAR Article Outline Builder and then put them into the BLACKBEAR Research Assistant to generate content.

Within a matter of minutes, you have an article that's ready for you to publish that covers a wide variety of topics within your target niche!

### **WINNING CONTENT RECIPE: *Fast eBook Creation***

Our team has already created many dozens of eBooks using this incredibly simple model. You can publish and sell these lucrative eBooks virtually anywhere you please, including Amazon's Kindle, selling them directly to your customers, using them as bonuses to thank customers for publishing affiliate products, or using them to complement existing products.

**To create these fast eBooks, you:**

- 1.) First, create a Table of Contents for your book using the BLACKBEAR Table of Contents Creator.
- 2.) You take each book chapter topic provided by the BLACKBEAR Table of Contents Creator and then put them into the BLACKBEAR Research Assistant, Creative Research Assistant, or the Instructional Writing Assistant (depending on the type of book you are creating) to generate unique content.

With these tools, you can build out complete eBooks - want to make them longer? Use the Smart Question Generator to come up with new angles or simply generate new chapter ideas using the Table of Contents Creator!

## **WINNING CONTENT RECIPE: *Product Research Analyst***

Looking for high-quality ideas to create new products and services for your target niche? Or to provide ideas to someone else as a middleman (hint, hint - you can do this for many services)?

Try this...

### **To get detailed Product Research Ideas:**

- 1.) First, generate ideas using the BLACKBEAR Product Innovator tool.
- 2.) Take the top ideas from the BLACKBEAR Product Innovator tool and then use the BLACKBEAR Smart Question Generator tool to find unique perspectives from the ideas provided.
- 3.) Use the questions related to the innovations you are exploring and input them into the BLACKBEAR Instructional Writing Assistant to get specific ideas about how to implement the ideas in your business.

## **WINNING CONTENT RECIPE: *Traffic and Audience Sales Finder***

Every successful product or service needs a base of customers. To discover potential audiences for you to target, use the creativity of BLACKBEAR to find new targets.

### **To get ideas for traffic idea and new potential audiences:**

- 1.) First, generate keywords related to your product or service using the BLACKBEAR Keyword Brainstormer.
- 2.) Take the most relevant ideas from the brainstormer tool and enter them into the BLACKBEAR Customer Acquisition tool.

## **WINNING CONTENT RECIPE: *Book Summary Builder***

There are a plethora of popular books available on the market, and it's impossible for any single

person to read them all - it would take multiple entire lifetimes! It's become essential to summarize the main points from these books so we can comprehend the lessons they teach.

BLACKBEAR is designed to help you do exactly that! These summaries make great articles and books that are in high-demand.

**To generate your own Book Summaries:**

- 1.) Use the BLACKBEAR Research Assistant or the Bullet Point Builder to get a list of books related to your target niche.
- 2.) Use the BLACKBEAR Book Summarizer to create summaries of each book that is provided to you.

**WINNING CONTENT RECIPE: *New Book Idea Builder***

This is a variation on the last recipe, which can actually help you come up with wildly creative ideas for books that are in-demand. You're in a special position reading this, because you're going to see "under-the-hood" at how BLACKBEAR actually works.

See, the BLACKBEAR Book Summarizer not only summarizes books that already exist...it attempts to summarize books that don't yet exist either! This is the power of A.I. - it can provide you with incredible ideas that you may have never conceived of.

**To generate your own New Book Ideas:**

- 1.) Use the BLACKBEAR Book Idea Brainstormer to get a list of potential book ideas related to your target niche or market.
- 2.) Use the BLACKBEAR Book Summarizer to create summaries of each book idea that is provided to you.
- 3.) Use the Fast eBook + Article Creation Winning Content Recipe to create your book.

**WINNING CONTENT RECIPE: *Sales Plan Outline Builder***

With your books, services or products in place that you've built with BLACKBEAR, it's time to start putting sales content together to help sell them!

There are many variations that you can follow to help sell your product, but we suggest using the full gamut that is available to you to help you be as creative with your sales as possible...

### **To generate your own complete Sales Plan Outline:**

- 1.) Use the BLACKBEAR Brand Name Builder to brainstorm potential names for the products and services that you are offering, as well as the brand you are building.
- 2.) Input your product or services, features and target audience into the BLACKBEAR Sales Creative Writer.
- 3.) Repeat the process with the BLACKBEAR Sales Slogan Builder.
- 4.) Take the offer you've refined and input the details into the BLACKBEAR Pay-Per-Click Ad Builder.

We suggest you slightly alter each of your inputs at each step and create a few different generations to get as many unique angles as possible for your product with each of these generations. Sales are arguably the most important part of the products that you create, so it's worth spending the extra time (and credits) making it just right for you.

### **WINNING CONTENT RECIPE: *Master Writer & Rewriter***

It's possible that you already have a hard drive full of licensed content (known as Private Label Rights content, or PLR content) ready for you to use, but you want to make it your own. Alternatively, maybe you've found a piece of content or portion of a book that you love and would want to use for yourself. Or, perhaps you've just run into a "dead end" when writing or producing your own content.

These are all the types of scenario where the Master Writer & Rewriter recipe comes into play...

#### **To use the Master Writer & Rewriter:**

- 1.) Use any of BLACKBEAR tools to generate content, Private Label Rights (PLR) content, or any other piece of content on the internet that you want to write about (or continue writing about, or rewrite).
- 2.) Use the BLACKBEAR Writer's Block Assistant to continue writing, which uses any previous chunk of content as the basis for the content.

This can be used in a wide variety of very creative ways - you will find it highly useful.

### **WINNING CONTENT RECIPE: *Professor's Assistant***

Want to create highly-useful teaching content to help teach a class, create products or simply

produce a “higher class” of eBooks? The Professor’s Assistant recipe is what you’re looking for.

**To generate high-quality content for an eClass or book:**

- 1.) Use the BLACKBEAR Syllabus Builder to generate a teaching syllabus for any topic.
- 2.) Use the BLACKBEAR Mastery Outline to generate a teaching outline using each point of the syllabus of as the topic.
- 3.) Use the BLACKBEAR Instructional Writing Assistant or BLACKBEAR Research Assistant to generate content on each of the topics.

Again, for the highest quality results, we recommend you generate this content several times to get a wide variety of syllabus topics, outline ideas and content.

**WINNING CONTENT RECIPE: *Storyteller Brainstormer***

Fiction books are incredibly powerful and sell like crazy on Amazon, and there are countless ideas in the ether for you to tap into. BLACKBEAR can help you take advantage of these wide variety of ideas and help you produce great fiction books that people would be interested in.

To brainstorm ideas for fiction books and help write them:

- 1.) Use the BLACKBEAR Story Chapter Prompt Builder to come up with a flow for the book.
- 2.) Use the BLACKBEAR Story Outline Builder to outline story ideas and flow for each chapter.
- 3.) Use the BLACKBEAR Storyteller Idea Builder to produce themes for each subsection of each chapter.
- 4.) Use the BLACKBEAR Writer’s Block Assistant to continue writing, which uses any previous chunk of content (including fiction writing!) as the basis for the content.

As always, multiple generations will help you to get the most successful ideas and results.

Again, these recipe ideas are only the start of the many, many ways that you can use BLACKBEAR to create content for yourself and your business. Have more ideas? Want to see new tools built in? Let us know on [our feedback form](#)!
